December 16, 2020 - SERVICE AND COVID UPDATE

The Covid Safety Committee, Canon John, and the Corporation have decided that in-person services on Sunday, December 27th and Sunday, January 3rd will be suspended and replaced with a video service.

We have considered the continuing raising numbers in Simcoe-Muskoka, the reality that people will come into contact with friends and family at Christmas and the need to ensure a period of self-isolation.

Again, we want to protect the most vulnerable in our church and those who volunteer in our services. We will continue to monitor recommendations from the Province, the Diocese, local health authorities, and considering the needs of our parish.

If you have any questions or concerns, please contact Canon John.
